A. S. U. H. Election on Friday

Candidates for '23-'24 Permanent Officers Nominated; Vote for Student Council, Too

The annual A. S. U. H. and Student Council elections will take place Friday from nine to four o'clock. The full list of nominations is posted on the bulletin board. Those who would be called upon to form policies, have been invited to state the policy they would follow if elected. As far as Ka Leo is aware, each candidate has submitted his or her statement without knowing what any of the others were saying. These statements are here reproduced in full:

Merlyn Forbes—"If elected president of the A. S. U. H., I shall endeavor to promote a deeper interest in individual team work in any worthy school activity, to arouse the spirit of University tradition, to establish the much-needed 50-50 situation among the races represented here, to have A. S. U. H. financial principles standardized."

Gwenfread Allen—"If elected editor of Ka Palapala I shall do my best to compile a complete and accurate record of events and achievements of the year,—a yearbook that will be an honor to our Alma Mater and will in future years bring back fond memories of 1923-24."

James Chun—"If elected editor of Ka Palapala, I shall do a thorough job and endeavor to make the book meet the requirements of a good college annual. The staff will represent the best talent at the University."

(Continued on page five)

LITERARY SOCIETY TO CELEBRATE BIRTHDAY

Presenting pins, electing new officers and celebrating its first birthday are the matters that will concern the Literary Society at its meeting Friday noon on the back lanai.

Rebecca McVeagh '24, has been selected to present the pins to the members of the society. The design, a quill with a block H, was adopted some time ago, but the pins are just being made now. Miss McVeagh plans that the table used in this ceremony will be prettily decorated.

Presentation of the pins, which will be worn for the first time Friday, will be the first part of the program, and will be followed immediately by the election of officers for next year.

The remainder of the hour will be devoted to a genuine birthday celebration with ice cream and cake. Laura Pratt '25 will light the candles. A cake committee has been formed under the chairmanship of Beatrice Krauss '26, and an ice cream committee under the chairmanship of Herbert Keppeler '24. Yasuo Goto '24 has been chosen toastmaster for this occasion.

The University of Hawaii Literary society was formally organized on May 4, 1922.

VOTE ON FRIDAY.

CAFETERIA ON FIRE

STUDENT CONTROL SUGGESTED.

One of the topics that was brought up at the conference and which commanded wide attention among those present was the question of student control for the Cafeteria. It was suggested that the cafeteria be turned over to the student body for the period of a year and at the end of that time, if the management is successful, it should retain its control. If, however, this venture prove unsuccessful and a deficit is incurred during this period, the student body make up the deficit from its general fund.

That some action has to be taken in regard to this matter is evident as the general feeling prevailing on the campus is that the cafeteria ought to be a popular place instead of a place where the "take what you get or nothing at all" feeling prevails.

VOTE ON FRIDAY.

UNIVERSITY CONTROL BY UPPER CLASSMEN

IMMEDIATE REALIZATION OF THIS PLAN NOT EXPECTED.

The prevailing sentiment at the Conference is that upperclassmen at the University should have control in student affairs. This means that the important offices of the A. S. U. H., Ka Palapala, Ka Leo o Hawaii, the Student Council, the Executive committee, should be given to Juniors and Seniors. The argument is that these students have a better knowledge of the problems at the University, as well as a better insight into the diverse situations. Lower classmen will eventually have an opportunity to show their mettle, while at the same time much will be gained in the way of maintaining class dignity. However, it is not expected that this will take place immediately. The plan will work out efficiently as soon as the classes become large enough to afford good men to manage the various affairs of the University. Universities in the the mainland are practically controlled by the Juniors and Seniors.

T. Shimizu '21 was married to Miss Takamura last Saturday night at the Hongwanji Mission.

VOTE ON FRIDAY.

PREP SCHOOL DANCE

ON SATURDAY NITE

STUNTS AND ELECTRICAL EXHIBITIONS PLANNED

On Saturday night, the annual Prep School dance will be held in Hawaii Hall for the local high school seniors.

To accommodate the many guests expected, the entire administration building will be used for the occasion.

Music for the evening will be furnished by the Jackie Allen Orchestra. Punch will be served during the evening.

A special program has been arranged for the intermissions between dances. Dr. Romberg has consented to put on exhibition several interesting electrical experiments in Gartley Hall. The Art Department will have on exhibition some of the best works accomplished by students this year and in previous years. The Household Science Department will put on its exhibition also. The Glee Club,

Hui Lokahi and the Boilermaker Union will present special numbers also.

Leonie Schwallie, who is in charge of decorations, stated that the whole hall will be beautifully decorated with crepe paper, pennants and palm leaves or other greens.

The lights will be veiled in kaleidoscopic rainbow crepe paper, so that they will produce a moonlight atmosphere in which—

Listen boys, you must lead your partner into the Kingdom of Jazzmania, although you can barely discern her swaying to Jackie Allen's jazz—

Ecoutez-vous, jolies femmes, lure the boys with alluring charms and smiles to attain this jazzmania—

VOTE ON FRIDAY.

FIRST JUNIOR ARBOR DAY OBSERVED YESTERDAY

STARVING JOLLY BRUTES ENJOY CO-EDS' PUNCH AND CAKE AND SANDWICHES.

Many spectators witnessed the planting of forty ironwood trees by the Junior class yesterday afternoon along the Maile highway.

The ceremony was very simple. There was a short talk by President A. L. Dean, who praised the class for initiating this tradition. Then there was the burying of a champagne bottle which contained all the names of the junior class members under the first plant.

After the planting, the co-eds served the Junior Arbor Day a la mode punch, delicious home-made cakes and sandwiches to all those who helped in the planting. At no other occasion in the Junior class history was there greater enthusiasm and class spirit shown than at this very moment. They all ate in unison and whatever was offered them, they could not refuse. It was generally agreed that with such aid to the inner man, the outer could plant trees each year to continue the tradition.

HONOR SOCIETY MEETS.

A Greek letter name, insignia, and a banquet for the new members are projects discussed by the Honor society at its meeting Friday.

Robert Spencer '23 has undertaken to draft an amendment to the constitution, providing for the adoption of a Greek letter name. This constitution can be amended only with the approval of the A. S. U. H.

Nothing is decided about the adoption of a pin. It was decided that this week the old members of the society will meet by themselves to determine whether or not to give the new members a banquet.

The next meeting of the entire society is scheduled for May 11.

Dr. Andrews Leaves On May 30

Dr. A. L. Andrews, Dean of the College of Arts and Sciences, will be absent for about seven months when he sails for the mainland on his vacation. His plans are to leave here on May 30 to attend the reunion of the Class of '93 at Cornell University. He expects to be back at the beginning of the second semester to resume his duties. Ever since 1910, a period of 13 years, he has been continuously connected with this institution.

TENNIS TEAM TO TOUR MAUI.

The champion University tennis team, under Captain Bill Wilson, is contemplating a trip to Maui. Arrangements are being made now. Wilson, Rugh, Yamaguchi, Wicke, and Zane, will probably represent the team when it leaves during the latter part of May.

Up to time of printing the Y.M.C.A. sold 124 separate shares, a total of \$215.

U. H. Y. SHARES

By DWIGHT RUGH.

This is the second year of the U. H. Y. at the University of Hawaii. It has established itself as a valuable part of the University life. I regard it as an indispensable agency in establishing right standards of conduct and promoting true friendship." This statement from our president, Dr. Dean, regarding the U.H.Y. helps to increase our interest and sharing in the activities of the U.H.Y. So it is with enthusiasm that we mention another outcome of the Students' Conference held this year. Following one of the discussions at the Conference the delegates decided to conduct a campaign for finances to meet part of the expenses of the Campus Activities of the University "Y."

Following out several suggestions made at the conference, it was decided to issue shares in the U. H. Y. which could be purchased by students and faculty members who wished to share in these activities and the general purpose of the U. H. Y. program.

In spite of almost continual and repeated requests for financial support to University activities of one nature or another, this sale of one dollar shares in the U. H. Y. proved to be fairly successful. To date over 120 students and faculty members have purchased over \$200 worth of shares and all reports are not in from the salesmen and members of the U.H.Y.

Our Christian Association is one of 700 other similar student associations in the universities of the mainland whose purpose is to supplement in a constructive way the strictly academic, social and athletic activities of the universities. It affords an opportunity of expression and sharing in definitely Christian enterprises, and as Dr. Dean says, "it establishes right standards of conduct and promotes true friendship," which are based upon a real and vital religious foundation.

VOTE ON FRIDAY.

Farmers Are Active

The Agricultural Club gave a "blow-out" on Thursday noon, April 26, in which nineteen members were present. This was the third luncheon given by the club.

The menu consisted largely of Chinese delicacies. Tea and chopsticks were much in evidence, although the latter were somewhat awkwardly handled by many, especially by Deverill. The most interesting number on the program was a talk by N. Espanola, on his experience with college girls.

Following was the program:—

- (1) Prayer N. Espanola
- (2) Opening Remarks..... R. Tong
- (3) A Toast to the Girl in Black R. Lyman
- (4) She Loves Me, She Loves Me Not N. Espanola
- (5) Why Should I Cry Over You? D. Forbes
- (6) Roses are Red, Violets are Blue, Meet Me at the Poultry Farm at Half-past Two..... A. N. Yim
- (7) Aggie Song and Yell..... All

VOTE ON FRIDAY.

CHECKERS -- CHECKERS

It is strange to relate that a Checkers Club has burst forth into existence quite inconspicuously. Its inconspicuous arrival leaves it more in a fictitious than a tangible state. Of course, the whole thing is a rather abstract idea.

The present conscientious members have at least drawn up a fictitious constitution in which they have expressed the purpose of the club. It is truly a noble purpose—to utilize our spare time in more profitable channels of higher mathematics and also to while away the dreary hours of—Oh, you know. The charter members are exquisitely particular as to

LT.-COL. ADNA G. CLARKE
Instructor of Military Science.

R. O. T. C. NEWS

At 11 o'clock on Friday morning the University of Hawaii R. O. T. C. will present a very interesting program on the campus. Colonel H. L. Landers, R. O. T. C. Officer of the Hawaiian Department, U. S. Army, will conduct his inspection at this time.

The program follows: (1) Review. (2) Tug of war. (3) Exhibition drill by each company. (4) Blank cart-ridge race. (5) Wall-scaling. (6) Equipment race. (7) Pig-a-bag relay race. (8) Individual competitive drill. (9) Presentation of medals to cadets qualifying in rifle marksmanship during the Christmas vacation.

In the competitive rifle matches last week, Company K took first honors, Company M. second, Company I third, and Company L last. The three highest shots in order were, Cornelison (214), Deverill (207) and I. Katsuki (202).

VOTE ON FRIDAY.

Have You Any Stray Books?

This Applies to Faculty Members Also
During May 14-19, a drive for returning books to the library will be held for the purpose of getting back to the University library all books that have been found missing.

In order to stimulate interest there will be held a poster contest for the campaign. The week will be known as "Stray Book Week." Although no definite rules have been laid down for the poster contest, it is hoped that one or all of the following remarks be expressed:

1. Return all books not in use.
2. No fines charged for books to be posted.
3. Read lists of stray books to be posted.

According to the librarian, there will be several lists posted in different parts of the building. A list of art books will be posted in the Art rooms; a list of engineering books in the Engineering Department, etc. There will be other lists of books that have been missing for some time, and of those that have been missing over a year.

All posters must be in by May 12. The Library department will offer a first and a second prize.

the qualifications of future members. New members must have swam at least 57 minus 50 plus 11 laps in the odoriferous Waikiki duck ponds.

This imbecile requirement no doubt will draw a flock of aspirants to the only two now remaining vacancies. The first eight charter members, by a "pull" among themselves, fortunately had their present positions reserved.

Any two candidates who, answer correctly who these eight charter members are, will be considered for admittance into the club: Question: Who are: A. F., D. F., M. P., L. S., T. B., L. P., V. G. and D. B.

Insignia Plan For Classes Starts Next Fall

STETSON HAT, CORDUROY PANTS, KHAKI TROUSERS, AND CAPS SUGGESTED.

Traditions are growing and are being built up gradually by the students at the University of Hawaii. Definite steps are being taken to establish a tradition for more definite class distinctions. Suggestions have been made to the effect of having class insignia. The plan is to have the Senior class wear a distinctive hat band or a dignified Stetson; the Juniors corduroy trousers; the Sophomores, khaki ones; and the poor Freshmen, something in the way of a much-reduced-in-size cap, which is supposed to adorn only part of their crania. Another plan is to have each class wear a class pin. It is expected that the co-eds will establish their own ingenuous class distinction. But it seems very desirable that there

Seniors Banquet to Be Given on June 2

Members of the Class of 1923 are the guests of honor at the banquet which is to be given by the Junior class on June 2 at the Country Club. Any University student may attend the banquet by signing up with Miss Doris Mossman, who is in charge of the annual senior banquet.

Dr. K. C. Leebrick has been asked to be the toastmaster of the evening. Miss Gretchen Bierbach is in charge of the decoration. The Glee Club will give several musical selections, and there will be a dance. Jackie Allen's Orchestra furnishing the music.

It is your last chance to dine and dance with the whole senior class. Don't miss this annual affair.

VOTE ON FRIDAY.

should be some class insignia, not only to build up class spirit, but also to promote University spirit.

DO YOU KNIT?

If you like to make clever little sweaters and scarfs, if you have a gift for designing effective color combinations, why don't you enter the Fleisher Knitting Contest? \$2000 is being offered for the most original and beautiful knitted garment, which must be mailed before June 9th.

Official coupons to accompany each article submitted, and full directions may be secured at our art needlework department.

The Liberty House

When the "Kids" Were Not Singing

Speaking of puppies—there were some young ladies on Kauai very much interested in two of them—Allister and Merlyn.

And again, ask Slat about some flowers that Mrs. Swan received but, well, ask him—

And again, it has been rumored that Ernest Kai left a broken heart behind and brought home a cold. Yes, Ernest, the moon was out—she was witnessing you two under the banyan tree. Don't deny it, now—I saw it!

Adrian, how much did you have to pay for the goat you brought home?

And isn't Sam a cute boy? so some of the school teachers think.

And Carl plays the sax really wonderfully, and has a wonderful baritone voice. For further information, ask some of the school teachers.

And Willie Hughes has certainly played the piano, even if he did look green under the gills when he landed there.

And "Ma" Crawford says she had a fine time and didn't even get sick (????). Of course, she wasn't peppy,—it must have been her eyes that made her look that way.

And little Rugh, where were you all day Saturday? You weren't with the bunch and, someone saw you talking to someone and—well, I really don't know much about it. but—

And the boys seem unanimous in saying Maui no ka oi, but Kauai no ka "oi-ster," and they want to go back. They say they had a good time and from all indications I guess they did.

CONFERENCE ECHOES

By Dwight Rugh.

Out on the beach, away from the bustle and noise of town and campus life, we were able to think and speak frankly and unreservedly upon the problems underlying our student life and concerning our individual difficulties. Some of us were greatly helped and given a new vision of what the important things of life are. Dr. Ross's frank, sincere and practical explanation of the place and part that religion should play in our daily life and relation, proved to be among the most inspiring and helpful things of the conference.

As one student said during the closing meeting of the Conference as we sat under the trees, "I have a changed view of religion. Formerly I was a Christian; I've always been a Christian, but not really religious. Now with this understanding of what place religion really should play in my life, I think I can be a religious person and a better University student because of it."

Other fellows said similar things, and all of us felt them, sometimes in the evenings by the beach, at other times during the short but inspiring time spent together at the Conference.

I wish I could give a running account of all the funny, serious, enjoyable and friendly things that happened, but I can't. Time and space prevent it, and then there are some things you can't put into words. Naturally the "K. P." duties which Bevo commanded like a real General, provided the necessary amount of work as well as fun; the open discussions at regular meetings and informal gatherings gave us all, as one fellow said, "An increased sense of responsibility towards Education and Religion and toward other fellows."

Dr. Ross's talk on "Life Purposes," which he gave around the Camp Fire on the beach Friday night, rang home in our hearts. His talk the next morning made Christianity so real, practical, sincere, and inspiring that we will carry with us, for a long time to come, the helpful and useful suggestions and ideas which he gave us. The joy, abounding happiness, enthusiasm, and friendliness that Dr. Ross draws from his beliefs and faith in Christianity, as well as his emphasis on the responsibility and opportunity for service, seemed to bubble over into each one of us and gave us a clearer, fresher insight into and grip upon the underlying controls of life.

We found that, after all, we are all interested in the deeper values of life and that too often we speed along on the superficial shell of "bluffing" and bold exteriors. To stop for even a moment as we did that week end, throw off this artificial reserve, and share our inner thoughts and hopes and questions with others seeking the same things, has been the most help-

ASSEMBLY QUESTION DISCUSSED WIDELY

Since the members of the student body take such little interest in their meetings, which come once a month, the following methods for increasing the attendance were suggested:

1. The Cafeteria be closed until 12 noon on the day of student body meetings.
2. All laboratories and lecture rooms be closed.
3. The library reading room be closed.

These are merely suggestions of ways to get students to attend these meetings. It was clearly pointed out by Dr. Leebriek and others at the conference that this period was set aside, with a great deal of difficulty on the part of the members of the faculty, for student body meetings. It seems that if the members of the faculty have been so considerate in arranging this period for the students, the least they can do is to attend these meetings. This meeting is just as much an appointment as are the classes that the students attend every day.

ABOLISH LOWER CLASSES.

LANSING, Mich.—Plans for abolishing the freshman and sophomore classes at the University of Michigan have been proposed to the state legislature. Two years of collegiate work with not less than 66 hours credit in some other college will be required, making the university merely a finishing school.

FROM SOUTHERN AFRICA.

From Central Southern Africa, a student who received his education in India, has written a letter to Dean A. L. Andrews, asking him to send a copy of the University of Hawaii catalogue.

His name is G. P. Kapila, and he lives in the Dar-es-salaam in the Territory of Tanganyika. He wrote that he passed his matriculation examination at the Punjab University in India. He desires to specialize in tropical agriculture, and asked for admittance to the University of Hawaii.

Other students who are intending to enter the University of Hawaii are, a student from Chicago University and another from the School of Commerce of the Government Ching-Nau Institute at Shanghai, China.

Professor Krauss is giving a chicken party in honor of the Aggie Club on May 14. We wonder where the chickens came from.

ful experience of the year. I only hope that those of us who were at the Conference, and others, can help to carry this spirit of understanding, inquiring good fellowship and brotherhood throughout all of our University activities.

Y. M. C. A. NEWS.

The Deputation team of the U. H. Y. M. C. A. conducted the Sunday morning service of the International Church at Mission Memorial Hall. Those who took part in the program were: Chun Tai Wha (chairman), K. Kawachi, T. Matsuno, K. Hirano and P. F. Sakamaki. Kawachi and Sakamaki spoke on the Waiialua Conference.

In the afternoon Kawachi, Matsuno and Sakamaki, with the help of Mr. and Mrs. Fred Butler and Mr. Theodore Richards, opened a short service at the Industrial School for Boys. The boys enjoyed the service and asked that another service be given them.

To distinguish the Freshman co-eds from the upperclass women "green-horn pins" are being worn by the Freshman girls of Texas University, at Austin. Organization of these women was effected last fall in order to establish a means whereby better scholastic standing and more interest in outside activities could be maintained.

Examination schedule for the second semester has been posted on the bulletin board. If there is any conflict, report it at the office as soon as possible.

Wong Luke Ahana '23, formerly a student of the University, received a very high mark in his studies last semester at the University of Creighton, College of Medicine, according to Dr. A. L. Andrews. The following are his marks: Anatomy B, Histology A, Embryology A, Neurology A, Physiological Chemistry A, Organic Chemistry A and Materia Medica A.

Monster Parade To Send-off Fighting Deans To Pasadena

H-A-W-A-I-I * YEA * HAWAII, will clash with the hoarse notes of the steamer's siren, and the hubbub of shouted farewells and good wishes when the Varsity gridiron heroes set sail for their return game with Pomona next November while all about the multitudinous streamers of every rainbow hue, and the green and white leis around the necks of our men will show that the University is backing them.

Such will be the case if an idea which germinated at the Waialua Conference proves fruitful. If it does, the Varsity football men will be accorded a sendoff which will eclipse any similar occasion of its kind ever held in Honolulu. Feeling is rife that a hearty sendoff will do a great deal toward winning our game with Pomona. According to the present plan a mammoth parade will be held on the day that the fellows on the football squad leave for the mainland. All sorts of novel floats will be rigged up for the parade. The different University organizations will be asked to participate. The Boilermakers have already volunteered their services as an auxiliary band, seeing that a regular band (apologies to the Boilermakers) will function during the parade.

Striking costumes and stunts will be featured, soap box orations on the prominent street corners will stimu-

late public interest. All Honolulu will probably be invited to take part. The time and route of the parade have not been decided on as yet. It is certain that the parade will end at the wharf, where the final big sendoff will be given our men. There has been considerable favorable comment on the idea of staging such a parade, not only among the students of the University but among the general public as well. If we undertake this project there is only one thing to do, and that is to put it over with such a bang that old King Tut himself will turn in his tomb. In order to do this it is necessary that every Varsity supporter make up his or her mind to kōkua to the utmost. Talk it up all you can and then we will really be able to show our fellows that we are backing them to the limit.

"Carry On," Hawaii.

These prep school stars will be in green and white uniforms next fall: Nakamura, Bill Blaisdell, J. Traut.

Here's Your Programme To Pomona

(From "The Student Life"

—Pomona paper.)

"The game will be conducted under the auspices of Pomona College with the Tournament of Roses aiding in the staging and the promoting of the contest.

"In a telegram received this morning by Coach Heath, the University of Hawaii officially accepted the arrangements for the 1924 contest. Following is the telegram from Coach Otto Klum of the University of Hawaii:

"Coach Colvin A. Heath,
Pomona College.

"We will accept terms as stated in letter. Please mail contract.

"(Signed) OTTO KLUM."

"In connection with the arrangements Coach Heath stated that student athletic tickets will be honored

and that admission to the game would be set at \$1.00. The visiting team will sail to and from Los Angeles on the ships of the Los Angeles Steamship line. The party will remain in Claremont during their stay in Southern California, except for two days when they will be housed at one of the leading hostels in Pasadena, in order to become accustomed to the Pasadena field.

"With the final arrangements for the game concluded the inter-sectional contest marks a new step forward in Pomona's athletic history. The contest has been brewing since the Blue and White team was in Honolulu, and the receipt of today's telegram and this afternoon's message from Mr. Mitchell assures Coach Nixon and his Sagehens another chance to defeat the Hawaiian outfit under more favorable conditions."

HILO DEFEATED BY DEANS.

By a one-sided score of 50 to 16, the Varsity women casaba team defeated the Hilo High girls at the Y court on Saturday afternoon.

May Gay played a wonderful game, scoring 40 points out of a total 50. Lucy Searle was at her best and scored 10 points.

Doris Mossman and Janet Ross were kept on their toes by Ah Sun Wong and Amy Young, two fast Hilo forwards. They broke up many plays and held down the Hiloites from scoring.

THE ART SHOP

1110 UNION STREET

One Y. Goto, local humorist, says this here now Conference Edition of the Varsity weekly is the tinkling bells of the very best cow in the herd, or is it flock? Anyhow, he was glib enough to talk us artists into taking a advt., so we are so doing, dedicating same to the Art Lovers of your fair institution, if any.

We cater to the high class trade, but don't let that stop you. We frame all of Simmy's pictures. In fact, we appeal in a large sense to those of discriminating tastes and also football players. (Otto Klum and Bill Wise wrote this ad for us.)

CANDIDATES FOR ELECTION.
(Continued from page 1)

Robert Hope—"If elected editor of Ka Palapala, I shall endeavor to give all organizations fair and just treatment in every way, cutting down the expense as much as possible; in other words, to do the best I can for the students and by Ka Palapala." (For the last three years the editors and business managers of Ka Palapala have been juniors, but there is no written record that this is necessary).

Montgomery Clark—(At the time Ka Leo was prepared, Clark was thinking seriously of withdrawing his nomination as business manager of Ka Palapala).

Rebecca McVeagh—"If elected editor of Ka Leo o Hawaii, I shall aim to tell what will happen, cover everything interesting, improve the sports department, make the paper more personal, use local jokes, maintain absolute fairness toward everybody, stimulate wholesome university spirit, and consult leading student officers in forming editorial policy."

Yasuo Goto—"If elected editor of Ka Leo o Hawaii, my policies will be to have a five column four-page paper. I shall have one page for sports and many feature stories and jokes. Also I shall have a special fund for cuts, the money to be raised by giving some kind of entertainment."

Addison Kinney—"If elected business manager of Ka Leo o Hawaii, my policy would be: 1. Lowering of the subscription price, if possible. 2. A slight increase in advertising rates and the amount carried. 3. No increase in the size of the paper until the increase of the University in size would warrant it."

Dorothea Krauss—"If elected to the Executive committee, my greatest aim will be to foster inter-racial understanding and good-will."

Laura Pratt—"If elected to the Executive Committee I believe in giving my Alma Mater the best of my ability regardless of the work connected with it, sticking to what I believe is right regardless of what people say, profiting in my mistakes—the man who makes no mistakes is the man who does nothing."

Stanford Deverill—"If elected to the Executive Committee, I shall do my darndest to put across the following things: 1. To have better English used by the University students. 2. To introduce boxing and wrestling to the field activities. 3. To get all members to the A. S. U. H. meetings. 4. To be far-sighted on expenditure."

Allister Forbes—"If elected to the Executive committee, I shall do all that I can to help the student body."

Yasuo Goto—"If elected to the Executive committee, I shall try to work for the benefit of the University by having the co-operation of the different races, and to promote college spirit. I will fight for a better regular training table for football men. I will see that track men are furnished with spikes and suits."

Lawrence Lit Lau—"If elected to the Executive committee, I shall endeavor to do my 'darndest' for the

Gymnasium on "Y" Lot

Out of the "Y" Conference many plans and ideas are seeking realization. One of them has to do with the use of the empty lot situated below Gartley Hall, and which belongs to the University Y. M. C. A. The sad fact is that not only is the big piece of Mother Earth and Real Estate empty and neglected, but also that it is being heavily taxed.

Some of the suggestions already given can be enumerated. Professor Crawford thought it might be well if we can build an open air pavilion on the grounds—with our own efforts. Some one ventured to state that we have some real good carpenters and architects in our student body.

On studying the social needs of the University we see immediately that the pavilion can be used for the purposes of a gymnasium, with all the facilities for boxing, wrestling, and fencing, body-tumbling, indoor basketball for both men and women. The co-eds may also use the hall for other physical exercises.

Senior Class Day
Program Arranged

On Friday afternoon, June 1, at 3:30, the Class Day celebration of the Senior Class starts on the Campus ground. The Seniors, in caps and gowns, will be seen going in solemn procession about the campus. A last farewell Senior Saunter!

The Saunter will end at Hawaii Hall, where the Seniors will plant the class ivy. Dora Broadbent has been appointed to give the Ivy Oration for the class.

After this ceremony the class and visitors will move to the steps of Hawaii Hall, where the remaining events of the program will be performed.

There will be Passing of the Lamp of Learning, Passing of the A. S. U. H. Gavel, Passing of the Ka Leo o Hawaii Pen. Several Seniors have special parts assigned to them for this part of the afternoon.

John Matsumura will give the Welcome address; Richard Tong will give the Class History; Henry Bindt will pass the Lamp of Learning and also present the class gift.

The Class Day ceremony will end in an informal picnic supper in Hawaii Hall, for Seniors and a few specially invited guests.

promotion of a stronger University spirit and for a better recognition of all branches of athletics."

Ken Kiu Liu—"If elected to the Executive committee, I shall stand for higher college ideals, participation in all beneficial activities, co-operation, and for the general betterment of this institution, but I am opposed to any discrimination and any undertaking that is detrimental to this University as a whole."

Note: Blaisdell and Duvel gave no statements.

Fifteen students have signed up for the first annual chess tournament which is conducted under the auspices of the University Agricultural Club. The prize will be a Chinese tea cup. James Bradshaw Zane is chairman of the contest.

THERE ARE innumerable ways in which personal injury may be caused by the use of an automobile, and while, as frequently happens, it may be due to the carelessness of the injured person, claims for damages are almost certain to be made, and unless disposed of, an expensive law suit may follow.

Shift this responsibility to a reliable Insurance Company by purchasing a Policy, and when the accident occurs you have simply to report it at once and be relieved of annoyance and expense.

The policy does not expire upon the limits being reached, but continues its warranty to pay within such limits upon every accident that may take place while the policy is in force.

The low rate will surprise you.

EDITORIAL

An Apology

We realize that this issue is far from perfection, due to the limited number of students who are connected with this paper and probably to the absence of feminine touch; hence it lacks the delicate imagination and charming thought of the fair sex—"the paragon of paradoxes"—which are beyond the gross indelicate mental calibre of our sex to comprehend.

However coarse and incomplete may our paper be, we have attempted to present a brief report of the Conference and introduce some of the vital questions which were discussed.

Annual Election

Friday the A. S. U. H. and Student Council elections will be held simultaneously but separately. Only members of the A. S. U. H. may vote in the former, but the latter is open to all students and members of the faculty.

Student activities next year will be influenced largely by the results of Friday's elections. Then, too, in filling our student offices we are gaining practical experience to be used later in choosing public officers. For these reasons, everybody is strongly urged to vote in the coming election.

Fitness of the candidate for office should be the deciding factor in casting a ballot. The list of nominations is very commendable. It shows careful thought and judicious selection. Certain principles might well be adhered to in Friday's voting.

Mere popularity is of little value in occupying a responsible position and ought not to be given too much weight. Through these elections as many students as possible should be drawn into college activities. Representation of the various elements composing the student body, is especially desirable in the Executive committee and Student Council.

Finally, it is to be remembered that the coming elections should register the choice of the entire student body, and if this is to be the case, every one should vote.—By H. B.

Well Done !

So a new tradition was established yesterday afternoon.

Congratulations to the men of the Class of '24 who fulfilled their duty satisfactorily; much praise goes to the co-eds of the Class, who turned out 100 percent strong to act the part of "wife" by serving cats.

It is a well worth while tradition. Ten, twenty, and thirty years hence, if each junior class should carry on this tradition, what a remarkable forest this bare campus would be!

It remains to be seen how the Classes of '25 and '26 will carry it out.

CALENDAR.

A. S. U. H. Election—May 4.
Student Council Election—May 4.
Frep School Dance—May 5.
Senior Class Meeting—May 7, at 12—
Math Room.
Library Book Drive—May 14-19.
Berndt Oratorical Contest—May 18.
R. O. T. C. Tournament—May 19.
Semester Examination—May 26-June 2.
SENIOR BANQUET—June 2.

Henry Bindt announces that the next issue of Ka Leo o Hawaii will be published by the Agricultural Club. The remaining issues for the rest of the year will be published by the regular staff.

Charles Bourne '24 will enter the New York Institute of Musical Art next September.

JOKES

Bevo gains ten pounds by acting as chief K. P. But chief cook, Kam, misses lots of things from the pantry.

Espanola: "Forbes, what is a lobster?"
D. F.: "Grown-up shrimps."
M. F.: "Coral with legs."

Prof. C.: "Can't you make your stomach full at the cafeteria?"
Bevo: "Yes, the only thing I can do is to fool my stomach."

EMANCIPATION AND DECLARATION

I, ERNEST WEDEMEYER, do hereby sever and disclaim any further connection with that quiet and peace-loving domicile commonly known as the University of Hawaii (Men's) Dormitory and better known as the Boiler Makers' abode to take up my residence in the beautiful, cool and romantic district of Kaimuki. Contrary to the old saying that "Man came first, and woman after; and she's been after him ever since," I, Ernest Fred Wedemeyer, find it more convenient to continue a serious courtship by a permanent change of abode.

(Signed)

ERNEST WEDEMEYER.

Kai expects mail from Kauai tomorrow.

By the way, his favorite book since his visit to Kauai is "Alice in Wonderland."

MY HEART IS IN KAIMUKI

I am a lanky stude from Kauai;
I love to study every night—
But—
On Saturday night I call on May.
She lives in Kaimuki.
On Sunday night I call on Beatrice.
Her parents are at church.
On Monday night I call on Leatrice.
I owe her brother two bits—and he is not at home on that night.
On Tuesday night I call on Julia.
Her husband works on this night.
On Wednesday night I call on Peculiar.
She translates my French.
On Thursday night I call on Funny-face.
She writes my English theme.
On Friday night I call on Daisy.
She is really lazy.
On the other nights I STUDY.
YEG.

Prof. Reveals His ??

"I remember well," began Prof. Palmer in Economics IV, "when I was eight years old, I used to sit on a red seat that was fastened behind the handlebars of my father's bicycle. We used to travel about fifteen miles a day on roads built four or five hundred years ago. That was in 1892."

No sooner was the date mentioned than the lecturer saw the pencils of the girls in the front row moving speedily across the papers. "Girls, you needn't take the trouble to calculate," declared the professor. "I am thirty years old."

GLEE CLUB TRIP TO KAUAI TOLD BY MRS. CRAWFORD

Last Tuesday night on the Claudine the Glee Club double quartet—Sam Poepoe, Allister Forbes, Ernest Kai, Merlyn Forbes, Carl Farden, Dwight Rugh, Francis Bowers, Arian Brash, with Bill Hughes as pianist, and Mrs. Crawford, director, journeyed over to Kauai.

The way was rough, the boat was small, and all the men did not have the spruce appearance that they affected when leaving Honolulu. They arrived at Nawiliwili in the rain, an hour and a half late, because the boat tried to make a landing at Kapaa in place of its regular station.

That night they went to Kilauea, going over to see Hanalei first, then coming back for supper and a concert. Luckily the audience wasn't overly critical, for everyone was not at his best.

However, by the next night's concert at Makaweli, everything was going fine. A good big audience greeted the men at Lihue, and by its applause, showed that it was thoroughly interested in all that the men did. The men sang at the High School and at several grammar schools, the first time that a University Glee Club has ever been before them. Everywhere the men were greeted with enthusiasm.

The program itself was well worked out in a variety of good songs and stunts. The quartet in its several comic numbers lightened the first half, and the "room in the dorm." echoed the college spirit.

Among the most appreciated numbers in the first part were the ones by the violin, cello and piano, and by Bill Hughes in his group of Chopin preludes. The club in its group numbers sang with ease and assurance. "Landsighting," by Grieg, Dudley Buc's arrangement of "Annie Laurie," were especially popular, although each song was well applauded.

In the second half, the outstanding feature perhaps was the swinging of the lighted Indian clubs by Dwight Rugh, to the music of the jazz orchestra. The red and blue lights were very effective with the rhythm of the popular music. Saxophone duets by Farden and Bowers, with Sam Poepoe and Hughes on banjo and piano, made it hard to sit quietly.

The Club carried the spirit of the University all over the Island, and no one could help being enthusiastic about college life, as the men at the last of the program sang the Alma Mater and gave the Hawaiian yell.

Faculty Salaries Increased

Some changes have been made in the University of Hawaii appropriation by the Senate last week. The following is the report of the Legislature:

University of Hawaii: Salaries and payroll raised from \$220,000 to \$230,000; health and physical education payroll separately handled and cut from \$9,700 to \$7500; new construction item cut from \$38,000 to \$30,000; salaries and payroll of psychological clinic cut from \$20,000 to \$15,000; expense item of \$3000 cut out wholly; extension work item of \$20,000 cut to \$10,000.

The \$180,000 item for the construction of the University library was favorably reported upon and bonds will be sold as soon as possible after the adjournment of the present session.
